OBJECTIVE

I am committed and loyal, with strong self-confidence, excellent communication skills, and a team-player attitude. I possess the ability to learn quickly and adapt to challenging environments. My objective is to achieve the highest rank in the information technology industry, utilizing my knowledge and experience to deliver value to both the organization and myself by addressing challenging problems and implementing innovative solutions

EDUCATION

From 2020 to 2024	Al Kafaat-University (AKU) Bachelor of Computer Science
-------------------	---

EXPERIENCE

From Aug 2023 to Dec 2023	BUTEC - Internships • Power BI Developer: Collected, analyzed, and visualized data from multiple sources, including Excel, Query BI, and DAX, to drive insightful decision-making processes. • Web Developer: Designed and developed multiple websites leveraging Material-UI (MUI) and Bootstrap frameworks alongside WordPress, Node.js, and React.js to create responsive, dynamic, and user-friendly interfaces. Collaborated on front-end development with React.js and optimized back-end functionality using JavaScript and MySQL.
From 2018 to 2023	XECCLENT - UPS and Electronics Systems • Electronics System Assembly: Assembled and maintained electronic systems, including UPS, APS, AVR, and solar panel integration, ensuring energy efficiency and reliability. Streamlined assembly processes to deliver tailored, client-specific solutions.

PROJECTS ACCOMPLISHED

- **BUTEC BPM Websites:** Developed responsive and accessible BPM websites using WordPress over a two-month period, tailored to organizational needs. Focused on usability, functionality, and delivering features to streamline business operations effectively.
- **Blood Bank Management System:** Created a fully functional system with SQL Server and C#, improving inventory tracking and reducing errors. (At University)

SKILLS

Languages: Fluent in Arabic and English (reading, writing, and speaking).

Technical Skills:

- **Programming Languages:** C#, Java, SQL Server, MySQL, PHP, HTML/CSS/JavaScript.
- **Frameworks & Tools:** React.js, Node.js, Material-UI, Bootstrap, WordPress, DAX.
